## OVERVIEW

Truly a rare find, a piece of sportfish history. "Annali" is hull number 6, built in 1960 at the famed Merritt Boat and Engine yard. She has had the same loving and seasoned owners for over 17 years. Constant upgrades and maintenance have kept her in top condition- she will satisfy the most meticulous of buyers.

She is the open layout- with no deckhouse bulkhead aft, she has a huge cockpit, and sports a roomy flybridge with its centerline helm station and accompanying bench seating. Unique and very functional design!

She is powered with 240 Yanmar diesels that push her at 22 knots burning just 14 gallons per hour. The engines have only 1200 hours and the major 1k hour service has been performed.

The hull is cedar over mahogany frames, below the waterline is coated with epoxy and fiberglass.

She is fully serviced and ready to travel!

"Annali" is a head-turner that stands out among head-turners!
