Manufacturer Provided Description

Here's a wider, deeper, roomier variation on our incredibly-popular SX theme. This nineteen-footer delivers Glastron performance and handling plus the enhanced ride quality of a bigger boat. Glastron has incorporated a world of features and added touches that set the SX 195 apart from the rest of the boats in its class and make it a sensible alternative to models that cost thousands more. On top of all that, it's built with VEC technology too.
